

Consultant Geriatrician

For a health career packed with benefits, you won't find much better than at Counties Manukau District Health Board. We're pretty unique in terms of the diverse population we serve and the medical challenges we face, adding up to a great training ground for medical procedures and cultural practices alike. Not to mention a lifestyle to match in our striking coastal city of Auckland.

Leading the way in the delivery of Services for Older People we are going through a major growth phase with additional beds in two new purpose-built wards, opening over the next 18 months. Our integrated multi-disciplinary team are committed to a clinical managerial partnership that ensures effectiveness and drives service development.

We are looking for a full-time Geriatrician with experience in the care of frail older patients to join our specialist team providing specialist clinical services to our Adult Treatment and Rehabilitation patients. This position will have linkages with Acute Medicine, Orthopaedics, Emergency Care and Ortho-geriatrics.

Working across a diverse demographic, including Asian, European and New Zealand's largest concentration of Maaori and Pacific Island populations, this is an excellent opportunity to utilise specialist skills and further develop your clinical expertise, whilst supporting older people to achieve recovery and maximum independence.

The successful applicant must hold or be eligible for registration as a specialist with the Medical Council of New Zealand and have appropriate postgraduate qualification (FRACP) and relevant training in care of older people.

For an informal conversation, please contact Nicole Nairn in the Recruitment Centre on 09 276 0083 ext 8680. Or email: nicole.nairn@middlemore.co.nz Applications can be made directly online at www.cmdhb.org.nz/careers or ask Nicole for an application form.
